

REGISTERED APPRENTICESHIP EMPLOYER GUIDE

Registered Apprenticeship (RA) is an employer-driven model that combines on-the-job learning with related classroom instruction to increase an apprentice's skill level and wages. Apprentices can be new hires or current employees!

WHEN TO USE RA

If your company:

- Has difficulty filling positions
- Has trouble finding workers with the right skill sets
- Deals with high turnover rates in select positions
- Is anticipating the retirement of highly skilled workers
- Is struggling to attract new and diverse talent

BENEFITS

- Vet workers and ingrain company culture
- Recruit and develop a highly-skilled workforce
- Improve productivity and profits
- Reduce turnover, instill loyalty, and retain top talent
- Kansas Apprenticeship Act Tax Credit

RA INDUSTRIES

- Advanced Manufacturing
- Construction
- Cybersecurity
- Energy
- Engineering
- Financial Services
- Healthcare
- Hospitality
- Information Technology
