Employer Services Overview

April saw a slight decline of 1.7% in job postings in Local Area IV compared to March. This is still a significant increase from the previous few months, and more in line with the job posting numbers in 2024. Staff will continue to monitor this trend as we continue into 2025. There were 948 total job postings across the 6-county radius for April. On a statewide level, there were 35,911 active positions available for job seekers to browse. Additionally, the system recorded a pool of 12,577 resumes for employers to consider during their recruitment efforts.

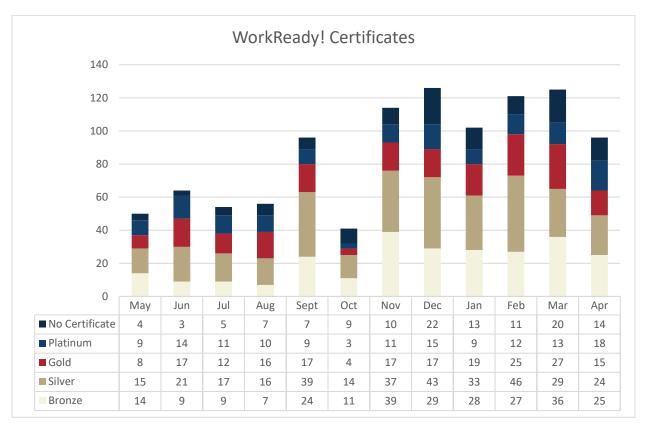

Job Fairs

In April, our Workforce Centers coordinated three in person employer hiring events, achieving remarkable success in bridging connections between local job seekers and local businesses. Collectively, these events engaged a total of 274 candidates with representatives from 17 diverse companies underscoring the vitality and reach of our initiatives.

Kansas WorkReady! Assessment - ACT National Career Readiness Certificate (NCRC)

The Workforce Center has maintained a steady pool of applicants ready to take the WorkKeys Assessment. A total of 10 sessions were offered during the month of April, with 135 job seekers scheduled to complete. Local Area IV saw a slight decline in attendance rate, sitting at 71.1%, with it being at 74% in the previous month. A total of 96 participants completed the assessment and an 85.4% award rate was documented.

One Stop Operator Update

April was a month of intentional planning and collaboration, with a focus on developing strategies to improve service delivery and internal communication at the Workforce Center.

Center Operations & Communication

The One-Stop Operator (OSO) is evaluating a shift in the current structure of the Center's All-Staff/Partner meetings. To better align with service hours and increase overall efficiency, we are exploring a transition to a once-a-month All-Staff meeting model. This would allow departments to hold their own meetings during the remaining weeks and enable the Center to begin seeing walk-in traffic as early as 9:00 a.m. on Fridays—an adjustment aimed at improving customer access and reducing downtime.

In support of continuous communication, we are in the process of developing a weekly internal newsletter. This initiative is intended to keep staff and partners informed of center-wide updates, events, and opportunities for collaboration.

Partnership & Collaboration

April was also a month marked by meaningful connection. On April 24th, the WIOA-mandated partners met to begin discussions around establishing a universal referral process. This collaborative effort is focused on creating a streamlined system to braid services and support our shared customers more effectively. Our next partner meeting will take place in person this summer, where we will continue advancing this effort and explore ways to leverage each other's strengths.

Additionally, the OSO participated in a two-day Kansas Leadership Center (KLC) partner gathering. We are excited to report that all 15 allocated seats for Center staff are expected to be filled, offering broad access to this valuable leadership development opportunity.

Customer Experience & Feedback

Customer feedback was collected via the Department of Commerce's statewide satisfaction surveys, available to all individuals receiving services at the Center. While the overall sentiment was positive, several themes emerged that highlight areas for improvement:

- **Job Fairs:** While well attended, feedback suggests a need for clearer communication and expectation-setting. Some individuals commented that the virtual job fair did not have enough employer engagement and some clarity would be helpful around if employers at an in-person job fair would be interviewing candidates. The comments emphasize the importance of preparing both job seekers and employers for productive engagement.
- **Lobby Environment:** Feedback also pointed to the lobby area as needing some improvements. In response, we are exploring options to enhance the space, including adding additional furniture and incorporating artwork to create a more welcoming atmosphere.
