

### **Technology Requirements for WIOA Youth Programs RFP**

**Technology Equipment:** The Workforce Alliance has technology system requirements with which Contractor must comply. The Contractor shall ensure the provision of the following:

1. Internet connectivity (high speed internet recommended);
2. Computer access via passwords or other security measure with passwords requirements for complexity and change intervals;
3. Email accounts that have the ability to send encrypted emails for all users working on the proposed project;
4. Commercial antivirus software with subscription in force for the period of this agreement; and
5. Browser requirement—current or prior versions of Internet Explorer, Mozilla Firefox, Safari or Chrome.

Additional recommendations:

1. MS Office version 2019 or higher or Google Suite;
2. PDF Viewer.
